

July 2, 2019

Dear North Atlantic Region Members,

I hope the summer has been a good one so far. Seems we have had way too many rainy days! I think we have finally begun our hot days of summer.

The board hopes that each club will be represented at our annual *Leadership Seminar* on August 17th. Please send registration form to District 1 Secretary Cindy Rivera, tt8153@hotmail.com.

We have an agenda that has something for everyone! The board has planned informative sessions for all members, regardless whether a new member or a seasoned member. Our key focus as always is **LEADERSHIP**.

A short summary of our breakout sessions:

1. As we are encouraging and recruiting younger members, we should all be aware of the issues working mothers are faced with as they try to balance their families, careers, and volunteering. How can we help moms balance their busy schedules?
2. Let's take a look at how to fill out those forms so each club can be recognized for all the projects that our clubs do. Applications will be available for participants, but please have your laptops if possible.
3. As we approach the next biennium perhaps you are considering a leadership role as a NAR board member or committee chair/vice-chair. You can hear from current members about their experience and review the candidate form. Forms will be available for participants, but please have your laptops if possible.

We will have our Laurel Society Board. There will be NAR merchandise for sale and at least one NAR basket raffle.

Most importantly, join us for a day of friendship and sharing!

Most Fondly,

Governor Peggy

PS

Don't forget that hotel reservations should be made ASAP and before July 17th if you are arriving Friday evening.

We will have a hospitality room and a fun Game Night for all in attendance.
